

30

Tell us a famous person (for example, scientist, writer, musician, athlete) who inspired you. What did he or she do? What effect did his or her actions have on you? Write in English and use about 50 words. Please write the number of words in the space (words) on the answer sheet.

解答例

(Famous person's name :) Steve Jobs

He invented a great computer, which people operate with a mouse and a keyboard. Also he had the engineers of his company invent iPhone and iPad. Thanks to these devices, I can get many kinds of information easily and communicate with people all over the world quickly.
